Terms & Conditions:

- ISSPL Testing Laboratory will conduct tests as specified in the Test Request Form as approved by customer.
- The completion of the services shall be evidenced by issuing a test report to the customer as specified in TRF. The company may delegate/ assign the performance of all or a part of the services to a subcontractor as and when required and subcontracting of tested parameters are clearly communicated.
- The party/customer placing the order takes the responsibility of any/all payment due to ISSPL in case the other party Invoiced mentioned in Test Request Form doesn't make the due payment.
- The test report will set forth the findings solely with respect to the samples and information provided by the customer at the time of submitting test request. Unless specified or indicated in the test report, the results in the report are not anticipated to be indicative or representative of quality and characteristics of the lot from which the test sample(s) is drawn.
- The test report is intended for exclusive use of the customer and shall not be published or used for advertising or replicated for distribution to other clients without prior consent of ISSPL.
- In case sample(s) is provided by a third party or is provided in an unsealed condition, ISSPL neither takes responsibility or liability about the genuineness, contents, and representative nature of the sample(s) nor about the declared brand name, manufacturer's & re-packer's name and it would not be mentioned in the test report.
- The sample description given in test report is solely based on declaration provided by the sample provider
- Decision rule to a specification or standard clearly defined communicated to and agreed with the customer
